Clerk-Treasurer.

Re: The Local Board of Health of the Peel County Health Unit

Dear Sir:

The Public Health Act requires that there shall be a Local Board of Health in every Municipality (Health Unit) in Ontario. The Act provides

that every such Board is a Corporation. The Board is therefore, a statutory creature having the duties set out in the Act and having the powers, both expressed and implied, set out therein.

A Local Board of Health whether of a Municipality or of a Health Unit, being a Corporation, has the power and the capacity to sue or to be sued in its own name, and to contract in its own name. The municipality, or in the case of a Health Unit, the County, is not liable for damages occasioned by the wrongful or neglectful act of the Board or its servants because they are not servants of the Municipality nor are they its Agents.

It is our opinion that the Local Board of Health, within the limits imposed by the Public Health Act, is supreme and in no sense subordinate to the County Council although it is dependent upon that Council for its maintenance.

There is a degree of control over the Local Board of Health in that:

- (a) all but one of its members is appointed by County Council,
- (b) the Council fixes the salary of the Medical Officer of Health and of the Sanitary Inspector,
- (c) the Council can review the expenditures of the Board at budget time and,
- (d) once each year the Chairman of the Board is required to give to the Council a detailed Statement of the work of the Board.

Yours truly,

DAVIS, DAVIS & WEBB,

C. CLARK,
Acting Chairman

T. E. McCOLLUM,
Warden

January 19th, 1965.

The Corporation of the County of Peel,
County Buildings,
Brampton, Ontario.

Attention H. Rutherford, Esq., Clerk-Treasurer.

Re The Local Board of Health of the Peel County Health Unit.

Dear Sir:

The Public Health Act requires that there shall be a Local Board of Health in every municipality (Health Unit) in Ontario. The Act provides that every such Board is a Corporation. The Board is therefore a statutory creature having the duties set out in the Act and having the powers, both expressed and implied, set out therein.

A Local Board of Health whether of a municipality or of a Health Unit, being a Corporation, has the power and capacity to sue or to be sued in its own name, and to contract in its own name. The municipality, or in the case of a Health Unit, the County, is not liable for damages occasioned by the wrongful or neglectful act of the Board or its servants because they are not servants of the municipality nor are they its Agents.

It is our opinion that the Local Board of Health, within the limits imposed by the Public Health Act, is supreme and in no sense subordinate to the County Council, although it is dependent upon that Council for its maintenance.

There is a degree of control over the Local Board of Health in that:

- (a) all but one of its members is appointed by County Council,
- (b) the Council fixes the salary of the Medical Officer of Health and of the Sanitary Inspector,
- (c) the Council can review the expenditures of the Board at budget time and,
- (d) once each year the Chairman of the Board is required to give to the Council a detailed Statement of the work of the Board.

Yours truly,

DAVIS, DAVIS & WEBB,

Reports

APRIL REPORT OF THE LAW ENFORCEMENT ACCOMMODATION COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Law Enforcement Accommodation begs to report as follows:

A meeting of this Committee was held on March 25th, 1965, with the following present: C. Clark, C. C. Core, T. E. McCollum, R. W. Speck, W. E. West.

1. We are in receipt of a letter from the Chief Justice of the Supreme Court of Ontario outlining what are, in his opinion, several objectionable features to the plans for the new Court House. As the features objected to in the letter from the Chief Justice were made known to the Committee and Council at the Special Council meeting held February 9th, 1965, at which time the design and lay-out was approved, we recommend that no further change be made in the design and lay-out as approved at the Special Meeting.

In Committee of the Whole:

R. W. Speck requested a recorded vote on Clause 1, which resulted as follows:

Voting in favour: Berney 1, Clark 1, Core 1, Graham 1, Hooke 1, Innis 1, Martin 1, McCollum 1, Murray 1, Shaw 1, Speck 1, Tolton 1. Total 12.

Voting against: Allan 1, Blair 1, Clarkson 1, Horwood 1, McCauley 1, Plaus 1. Total 6.

The Clause was carried.

2. As it is the intention of the Committee to make use of the County Crest in certain of the glass doorways, etc., in the Court House, we recommend that the Clerk be instructed to write to the Heralds' College, England, to ascertain if the County Crest presently being used is registered and correct with respect to design.

We recommend that all contractors, either union or non union, be permitted to tender on the Court House construction, and that the contract include a "Fair Wage Clause."

Adopted April 1st, 1965.

C. C. CORE,

Chairman.

T. E. MCCOLLUM,

Warden.

APRIL REPORT OF THE EMERGENCY MEASURES COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Emergency Measures begs to report as follows:

A meeting of this Committee was held on April 8th, 1965, with the following present: Allan, Clarkson, McCollum, Tolton.

1. We recommend approval for payment accounts listed on the attached pay sheet totalling \$197.92.

2. Correspondence was received from the Prime Minister of Canada, the Minister of Industry and the Honourable W. G. Davis, M.L.A., Peel, in reply to the resolution adopted by Council at the March session relative to the continuation or abandonment of the Emergency Measures program in Peel County.

3. The Co-ordinator reported receipt of a Provincial E.M.O. Financial instruction that now authorizes the calling out of E.M.O. volunteers for duty on civil emergency operations without reference to higher authority. The authority to call out volunteers is now vested in local municipal government or a duly authorized Municipal Government official. (Heretofore this authority was vested solely in the Attorney-General for Ontario.)

The instruction also makes provision for the protection of volunteers operating in civil emergencies under the Workmen's Compensation Act of Ontario. The financial arrangements of this are that the cost of this protection is provided by the senior government and no charge is levied against the municipality.

The instruction authorizes the immediate employment of all E.M.O. equipment in the County in civil disaster operations.

Peel County E.M.O. had requested that the Provincial authorities establish an operational capability for civil disasters which would activate the Provincial E.M.O. staff and equipment to provide immediate assistance to the Municipal authorities in emergencies. This has been approved and Provincial Government manpower and equipment resources will now be available to assist Peel County E.M.O. in disaster situations.

Adopted April 15th, 1965.

Chairman.

REPORT OF THE COUNTY ASSESSOR FOR THE YEAR 1965

To the Warden and Members of The Corporation of The County of Peel.

Pursuant to the authority and direction of Section 93 (1) of the Assessment Act R.S.O. 1960, I, your County Assessor, beg leave to submit the following report:

This is my twentieth annual report and the County of Peel has the greatest number in population and is the second highest in amount of total assessment of all the counties in the Province. The total taxable assessment has increased from \$201,250,249 to \$228,192,245 or \$26,941,996 which is a 13.387 per cent increase over 1964. The population increased from 131,285 to 142,894 or 8.84 per cent.

Grants in lieu of taxes were made by the Federal and Provincial governments or their agencies to the local municipalities on a valuation of 10,997,265 during the year 1964. This amount was included for the computation to apportion each municipality's share for County Rates in 1965.

The percentage increase of assessment in each municipality in order of greater percentage increase and the amount of increase in dollars is as follows:

Municipality	Percentage Increase Over Previous Year	Dollar Increase Over Previous Year
Twp. of Chinguacousy	34.42	6,188,359
Town of Brampton	19.14	6,935,146
Twp. of Toronto	11.35	13,212,020
Twp. of Toronto Gore	4.58	63,965
Village of Caledon East	4.44	18,324
Twp. of Albion	3.64	118,824
Town of Streetsville	2.94	209,745
Village of Bolton	2.17	43,730
Twp. of Caledon	1.83	68,013
Town of Port Credit	.66	83,870

The Town of Port Credit had a greater increase than the figures indicate on account of a loss in assessment in adjusting the assessment of Federal Government property occupied in part by Canada Steamship Lines. In all other municipalities the increase is due to new buildings with minor adjustments in land values for change in use, etc.

The Town of Port Credit made a re-assessment of land values in 1962.

and Streetsville made a similar re-assessment in 1963. It is therefore necessary to make adjustments to their actual assessments in the Proposed Equalization Schedule. Assessments in the other eight municipalities have, in my opinion, been prepared with enough uniformity that each will have the same factor for equalization purposes. It is expected that the assessors in the Town of Brampton will complete a re-assessment of land in 1965 for 1966 taxes.

The new Department of Municipal Affairs Assessment Manual was issued in August 1964 and the head assessor of each municipality in the Province has received a copy. The Provincial Assessors are holding courses of instruction in the use of the manual and cost factors in counties which have appointed County Assessment Commissioners, and have advised that assistance cannot be given to other municipalities at the present time due to insufficient trained staff.

The necessary revision to the Statutes of Ontario is being made to licence all assessors in the Province and it is expected that the effective date will be decided by the Department in the near future.

An Ontario Regulation 24/65 was made in January, 1965, for increased grants for County Assessment Commissioners. The grant not exceeding \$12,500 for salaries and 50% of the initial cost of approved office equipment may now be obtained. The grant for salaries varies in different counties according to a department schedule.

The following schedules are attached hereto:

Schedule (a) Summary of assessments and population each year since 1946.

(b) Breakdown of the various classes of assessment for each municipality.

(c) Proposed Equalization Schedule.

I wish to express my sincere appreciation to all officials and members of Council for their kind co-operation and assistance during the past year.

Respectfully submitted this 25th day of May, 1965.

JOHN G. HOOPER,
County Assessor.

Reports

JUNE REPORT OF THE CHILDREN'S AID COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Children's Aid begs to report as follows:

A meeting of the full Board was held on June 9th, 1965, with the following present from County Council: Berney, Blair, Clarkson, Hooke, Martin, McCauley, Plaus, Shaw, Tolton.

1. The treasurer's report of three months' expenditure compared to the Budget showed the Society operating within the Budget on the controllable items, but slightly over in respect to the estimates on direct child care expenditures. This item is not controllable and there have been a number of children in recent months come into the care of the Society. The cost per day per child for the three months was \$2.78, while the rate charged to municipalities as set by the Court is \$2.36. This represents a deficit in child care operation during that period.

2. The report of the Treasurer of three months' income as compared to the estimates indicated income for child care maintenance is practically as estimated. Income for other than child care services other than from the County of Peel was practically as estimated. The County of Peel voluntary grant was running over the percentage of the total for the three months.

3. A resolution was passed to be forwarded to the Minister of Education strongly protesting legislation pertaining to the education of wards of Children's Aid Societies, expressing the view that such legislation is discriminatory and harmful to the innocent victims of such legislation.

4. Plans were discussed for a one-day Institute for Board Members to be held in October in Brampton.

5. A full report of the activities of the Child Care Committee was presented to the Board.

6. A brief discussion was held on the provisions of the new Child Welfare Act currently before the Legislature. This was felt to be of sufficient importance that the July meeting is to be a full Board meeting with the main discussion to be on the provisions of the new Act, which has considerable significance for both the Society and the County.

7. Mr. Matheson was authorized as Acting Manager of the Society during the month of August.

8. The Manager's Report of services for the first four months of the year indicated a considerable increase over last year in the total number of referrals to the Agency for service and in the total number of brief service contacts. The trend is also considerably upward in regard to referrals for

protection services and to the Family Services Unit. The trend is running about the same as last year in respect to Unmarried Mother referrals and referrals for reports to the Official Guardian on divorces. A comparison of the distribution of children in care of the Society at the end of April with the month of October was given. The April figures reflect the unprecedented number of children that have come into the care of the Society on a permanent basis since the beginning of the year. An acceleration of this trend is expected, and is creating new problems for the Society in the matter of foster home resources.

Received June 17th, 1965.

4. We are in receipt of a notice of payment of interim subsidy in the amount of \$198,450.00 from the Department of Highways. We recommend that this be filed.

5. We are in receipt of a resolution from County Council regarding dangerous areas in the County. We recommend that this be received and reported back at a later date.

6. We are in receipt of a letter from the Township of Toronto regarding weed control on road sides. We recommend that this be acknowledged and filed.

7. We are in receipt of a letter from the Metropolitan Toronto and Region Transportation Study advising of public hearings to be held in the fall. We recommend that this be referred to the Engineer for a report.

8. We are in receipt of a letter from the Committee of Adjustment, Township of Toronto, requesting widths of dedications required on County Roads in regards to land separations. We recommend that this be referred to the Engineer for a report to cover all municipalities, taking into consideration the results of the County Road Needs Study.

9. We are in receipt of a Township of Toronto By-Law renaming the Third Line West, "Creditview Road." We recommend that the Clerk be instructed to request the municipalities of Streetsville, Caledon and Chinguaousy consider renaming the Third Line West "Creditview Road."

10. We recommend for payment accounts listed on the attached pay-sheets totalling \$111,827.79.

11. Tenders were opened for Contract No: 15K-65, grading and granular base on Steeles Avenue from Dixie Road to Airport Road and the following resolution was passed by your Committee:

"Resolved that the tender received for Contract 15K-65, grading and granular base on Steeles Avenue from Dixie Road to Airport Road be accepted as per tender submitted by Peel Construction Company Limited at unit prices totalling \$157,228.60. This being the lowest tender received, subject to the approval of the Department of Highways."

We recommend the approval of this resolution.

12. We recommend that the annual road inspection be held on July 7th, 1965, leaving the County Buildings by bus at 9:30 A.M.

13. A special meeting of the Road Committee is to be held on June 24th at 10:00 A.M., to finalize the County Road Needs Study; then presented to a special meeting of County Council at 1:30 P.M., on the same day.

14. Tenders were opened on the installation of traffic signals at Queen

Street and Britannia Road in the Town of Streetsville and the following resolution was passed by your Committee:

"Resolved that the tender received for the installation of traffic signals at the intersection of Queen Street and Britannia Road in Streetsville be accepted at a net price of \$2,394.72 as per tender submitted by A. R. King Company Ltd. This being the second lowest tender received."

We recommend the approval of this resolution.

The reason for accepting the second lowest tender was that J. A. Watt and Company Limited notified the County that an error had been made in their tender after the tenders had been opened.

15. Tenders were opened on the installation of traffic signals at the intersections of Cawthra Road and the Queen Elizabeth Way Service Roads and the following resolution was passed by your Committee:

"Resolved that the tender received for the installation of traffic signals at the intersections of Cawthra Road and the Queen Elizabeth Way Service Roads be accepted at a net price of \$5,171.64 as per tender submitted by J. A. Watt and Company Limited. This being the lowest tender received."

We recommend the approval of this resolution.

Although this installation was not included in the 1965 budget the funds are available from other contracts being lower than the estimates in the budget.

Adopted June 17th, 1965.

SPECIAL REPORT OF THE PEEL MANOR COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Peel Manor begs to report as follows:

This Committee met on the following dates, with members present, as listed, to consider an agreement with The Canadian Union of Public Employees and other administration matters:

June 8th (Regular Meeting): Clark, Hooke, Horwood, McCollum, Murray.

June 10th: Clark, Hooke, Horwood, McCollum, Murray.

June 17th: Clark, Hooke, Horwood, McCollum.

1. We are in receipt of the Collective Agreement between The Canadian Union of Public Employees (Peel Manor Staff) and The Corporation of the County of Peel. We recommend that this agreement be approved and that a By-law be passed at this session authorizing the Warden and Clerk to execute the said Agreement on behalf of the Corporation.

2. The Superintendent and Clerk have been instructed to prepare a report for the next regular Committee meeting covering the following:

(a) Staff Uniforms as authorized in the Collective Agreement.

(b) Installation of an attendance recorder. (Time Clock.)

3. Staff establishment for Peel Manor was reviewed with the Superintendent, and we recommend that the attached staff establishment be approved. (This establishment to be reviewed on completion of the new addition.) We further recommend that the Superintendent be instructed to take immediate steps to comply with the staff establishment.

4. At the request of this Committee, Industrial Relations Counsellors prepared a report and suggested salary schedules for Non-Bargaining-Unit Personnel. (Copy of this report attached.) We recommend that this report be adopted with the exception of paragraph (a) with reference to clerical staff, which we recommend remain at two, as outlined in Clause 3 of this report.

The salaries as recommended in the report of Industrial Relations Counsellors are detailed on the attached Salary Schedule for Non-Bargaining-Unit Personnel.

5. The Committee re-considered the following resolution passed April 16th, 1964: "That the Home Superintendent instruct the Home Physician that in future he need only attend Manor Committee meetings to give his monthly report and to report to the Committee any extraordinary circumstances that exist in connection with medicals of applicants," and agreed that this resolution would be adhered to in future.

Adopted June 17th, 1965.

Re: Non-Bargaining-Unit Personnel at Peel Manor

Dear Mr. Rutherford:

Following our tentative settlement with C.U.P.E. yesterday on a two-year Agreement covering the bargaining unit, we are in a position to assess what can be done for the Supervisory and Professional staff. As you will recall, it was our intention to have the "staff" increases into effect before the Union settlement. However things went so unexpectedly well at the Union meeting yesterday that we settled. I consider the settlement to be most amicable, fair and economical. We can handle the staff employees differently on the next Agreement.

As the bargaining unit Agreement is effective June 1, 1965 and lasts until May 31, 1967, I think it wise and efficient that we treat the staff employees on roughly the same time basis. Economically speaking, the bargaining unit is going to receive weekly wage increases of approximately six dollars (\$6.00) the first year, and five dollars (\$5.00) the second year.

Therefore, I suggest the staff personnel be considered as follows:

Position	Pres. \$/Mo.	June 1/65	(Inc. /Mo.)	June 1/66	(Inc. /Mo.)
Home Physician	\$250.00	\$300.00	(50)	\$350.00	(50)
Domestic Supervisor	280.00	305.00	(25)	325.00	(20)

Craft Supervisor	260.00	285.00	(25)	305.00	(20)
Supervisor of Nurses	425.00	438.00	(13)	450.00	(12)
Registered Nurse	320.00	380.00	(60)	395.00	(15)
Chef	300.00	325.00	(25)	345.00	(20)
Laundry Supervisor	312.50	325.00	(12½)	335.00	(10)
Superintendent	566.66	585.00	(19)	600.00	(15)
Ass't. Superintendent.....	366.66	396.66	(30)	420.00	(24)
Maintenance Supervisor ..	350.00	379.16	(29)	400.83	(21)

Note—The Maintenance Engineer's rate is set out in the Collective Agreement (under Maintenance Man).

The Nursing Supervisor lives in and so her increase is not as large as the others.

The above rates are maximum rates and I suggest a range of rates for the staff people as follows:

Start	6 Mos.	12 Mos.	2 Years
Maximum less 10%	Max. less 7½ %	Max. less 5%	Maximum

For example, let us look at the range for Registered Nurses:

\$342.00	\$351.50	\$361.00	\$380.00
----------	----------	----------	----------

You can easily see that the increases I am suggesting are far from uniform. This is because some classifications seem to be as highly overpaid as others are underpaid. Therefore I have attempted to round things out. If you wish, I can give you expanded reasons for my opinions.

Some further opinions of mine that I leave with you are:

- (a) that the clerical staff at the Manor can be reduced to one office girl;
- (b) that the classifications of Registered Nurse, Orderly, and Porter-Janitor be immediately expanded to four (4) employees each;
- (c) that the unusually large amount of part-time work—particularly young girls, now being done be stopped—even if more permanent employees have to be hired;

(d) your Manor Committee should work closer with the experts of the Department of Public Welfare and not rely as heavily on single opinions.

In conclusion I would like to leave this thought: When you pay inferior wages, as you were at the Manor, you have to accept some amount of inferior work. However when you pay the standard wage, as you are going to, you are in a position to demand a good job at all times. You do not accept shoddy work.

There is no reason why Peel Manor cannot be an efficient, happy operation. I will be pleased to be of whatever assistance possible.

Yours very truly,

G. G. SMITH

6.03 Members of the Committee will not leave their jobs for the purpose of conducting any business on behalf of the Union, or in connection with this Agreement, without obtaining the permission of their immediate supervisor.

Article 7—COMPLAINTS AND GRIEVANCES

7.01 Nothing in this Agreement shall discourage or prohibit any employee

from discussing any problem, personal or otherwise, with the Superintendent or his designate.

7.02 If an employee has a complaint involving any matter within the terms of this Agreement, the matter must be taken up verbally with the employee's immediate supervisor.

7.03 Step One:

If the verbal discussion with the Supervisor is not satisfactory to the employee concerned, then the matter becomes a grievance and is to be stated in writing, dated and signed, and the employee concerned, along with a member of the Union Committee, if desired, will present the grievance, in writing, to the Superintendent or his designate. The Superintendent, or his designate, shall give a written reply to the grievance within three (3) working days following receipt of same.

8.02 Each party to this Agreement will pay the expenses of its nominee to the Arbitration Board. The parties will share equally the fee and expenses of the Chairman.

Article 9—SENIORITY:

9.01 New employees shall be on probation until they have worked a total of ninety (90) days of work in a six (6) months' period. On completion of this probationary period, an employee's seniority shall date back to the date he was hired.

9.02 A seniority list for all employees shall be drawn up and posted on the bulletin board. This list shall be revised in January of every year. A revised list will be forwarded to the Union.

9.03 In all cases of layoff due to lack of work or recall following layoff, the

employee with the greatest amount of seniority will be retained in employment or recalled to work, whichever is applicable, provided he is qualified in all respects to perform the work available.

- 9.04 Seniority previously accumulated will be lost whenever an employee:
- (a) quits his employment, or retires;
 - (b) is discharged and not reinstated;
 - (c) is absent from work without an explanation satisfactory to the Corporation;
 - (d) is laid off for nine (9) consecutive months.
 - (e) fails to return from a lay-off within six (6) days of work after being notified to do so. The employee to be recalled must keep the Corporation informed of his current address and telephone number. Notice of recall may be by telephone, but in all cases, a registered letter shall be used either as notice or confirmation.

Article 10—DISCHARGE CASES:

10.01 The employment of probationary employees (9.01 above) may be terminated at any time by the Corporation, for any reason.

10.02 A claim by an employee who has completed the probationary period that he has been unjustly discharged from his employment will be treated as a special grievance, commencing at Step #2 of the grievance procedure, provided such claim is filed with the Clerk-Treasurer of the County within four (4) days after the discharge occurs.

10.03 Grievances relating to discharge may be settled by confirming the action taken by the Corporation, or by reinstating the employee with full compensation, or by any other arrangement which is just and equitable under the circumstances.

Article 11—PAID HOLIDAYS:

11.01 The following days will be recognized as Paid Holidays:

New Year's Day
Good Friday
East Monday
Victoria Day
Dominion Day
Civic Holiday
Labour Day
Thanksgiving Day
Remembrance Day
Christmas Day
Boxing Day

11.02 An employee required to work on any of the above holidays will be given another day off with pay within sixty (60) days, provided he works the full scheduled shift immediately preceding and the full scheduled shift immediately succeeding a holiday, except where absence on either or both of the said shifts only is due to verified personal illness.

11.03 When any of the above holidays occur during an employee's vacation with pay period, an extra day's vacation is allowed.

Article 12—VACATIONS WITH PAY:

12.01 Vacations with pay will be granted in accordance with the following schedule:

- (a) One (1) year of continuous service—two (2) weeks;
- (b) Ten (10) years of continuous service—three (3) weeks;
- (c) Twenty (20) years of continuous service—four (4) weeks.

12.02 For purposes of computing eligibility for vacations with pay, the vacation year shall end on May 31st.

12.03 Employees who do not have one (1) year of continuous service as of May 31st will be entitled to one (1) working day for each completed month of continuous service, excluding the first two, up to a maximum of ten (10) working days.

12.04 The selection of vacation dates will, where practical, be granted on the basis of seniority. The Corporation shall determine the number of employees who will be on vacation at any one time.

12.05 Vacations shall not be cumulative from year to year and employees shall not omit vacations and draw pay in lieu thereof.

Article 13—LEAVE OF ABSENCE:

13.01 The Corporation may grant leave of absence to any employee for legitimate personal reasons. Such leave shall be without pay and, if the leave is in excess of one (1) week, then accumulation of seniority and sick pay credits which would have been earned during said leave of absence, shall be lost also.

13.02 Two (2) employees at one time may be granted leave of absence by the Corporation to attend Union Conventions, provided at least two (2) weeks' notice is given and the total leave does not exceed five (5) days per employee per year. Such leave, when granted, will be without pay and without loss of accumulation of seniority and sick leave credits.

13.03 In the event of the death of an employee's wife, husband, father, mother, brother, sister or child, the Corporation shall grant up to three (3) days' leave of absence with pay for the purpose of making arrangements for and attending the funeral. Death of a mother, father, sister, or brother-in-law, or grandparent shall result in the leave of one (1) day for the purpose of attending the funeral. Pay shall be at the employee's regular rate and an employee shall be paid only for that time which he would normally have worked.

13.04 If an employee is required to serve on jury duty, the Corporation will pay the employee his full wages, provided he turns over to the Corporation the amount received for jury duty pay, and further provided the employee reports for work when not required for jury duty.

13.05 Employees having two (2) years or more of continuous service with

the Corporation may be granted leave of absence, without pay, for pregnancy. Such maternity leave shall be at the discretion of the Corporation. In each case, however, the employee shall be required to commence the leave not later than the end of the sixth month of pregnancy. The duration of a maternity leave shall be up to six months, inclusive of pre-natal and post-natal periods.

Article 14—LEAVE FOR ILLNESS:

14.01 Sick leave credits shall accumulate at the rate of 1½ days for each and every full month of employment. There shall be no limit to the amount of sick leave credits an employee may accumulate.

NOTE: A full month of employment shall be one where an employee is employed on all working days in the month and is not absent from his duties other than on account of illness, accident recognized by the Workmen's Compensation Board, vacation or other special leave authorized under the personnel policies of the Corporation.

14.02 When an employee is absent due to illness, the days absent shall be deducted from the accumulated sick leave credits. If the sick leave credit of any employee is exhausted during an illness, remuneration shall cease unless continuance of such remuneration is authorized by the Corporation.

14.03 The Corporation reserves the right to ascertain the validity of claims made under this leave for illness plan. Employees may be required to substantiate any absence for illness claim by the submission of the attending Physician's certificate of illness. Sickness or absence from employment due to pregnancy shall not be covered by this Sick Leave Plan.

14.04 Absence due to an accident which is payable under the Workmen's Compensation Act shall not be deducted from accumulated sick leave credits, nor shall any sick leave pay be paid where an employee received benefits from the Workmen's Compensation Board.

14.05 Sick leave credits due to an employee shall be payable only at retirement at the normal retirement age, or

(a) when an employee with twenty (20) years or more of full service voluntarily terminates employment, or

(b) in the event of death of the employee prior to retirement, to the beneficiary.

14.06 The cash surrender value in these circumstances shall be that amount of wages or salary equal to one-half (½) the number of sick leave credits accumulated. In any event, this cash surrender value shall not exceed one-half (½) year's earnings at the rate received by the employee immediately prior to qualifying for a cash surrender value.

14.07 Subsequent to May 31st of each year, employees will receive a memorandum from Payroll stating the number of days of accumulation sick leave credit.

Article 15—HOURS OF WORK AND OVERTIME:

15.01 The regular work week shall consist of forty (40) hours, but may be

averaged over a two-weeks' period so that employees shall work ten (10) days and eighty (80) hours in the two-weeks' period.

15.02 The regular work week above does not represent a guarantee of work and employees may work less than forty (40) hours per week, or less than eighty (80) hours in a two-week period. They will be paid a pro-rated weekly wage based upon hours actually worked.

15.03 The days of work for an employee, the starting and quitting times each day and the time and duration of lunch and rest periods will be determined by the Corporation in accordance with its requirements. Shift schedules will be posted on the bulletin boards at least two (2) weeks in advance. Employees will be notified as far in advance as practical of any change in their schedules.

15.04 Rest periods of ten (10) minutes' duration will be provided for an employee for each half shift worked.

15.05 Should employees be requested to work overtime, or to work in emergencies, they shall do so.

15.06 Overtime at the rate of one and one-half ($1\frac{1}{2}$) times an employee's equivalent hourly rate will be paid for all time worked in excess of eighty (80) hours in a two-weeks' period.

Article 16—CLASSIFICATIONS AND RATES OF PAY:

Employees are invited to apply for the vacancy in writing. Applications shall be considered on the basis of skill, ability and efficiency. Where these factors are relatively equal, seniority shall govern. This does not guarantee that the vacancy will be filled from the applications.

7.03 The Corporation will continue in effect welfare coverage (group insurance, medical, hospitalization, pensions, etc.) equal to those presently in effect and will make contributions thereto equal to the present contributions.

7.04 The Corporation will supply wearing apparel for working purposes for those Manor employees working at jobs that the Corporation requires the wearing of a specified uniform. These uniforms are the property of the Corporation and employees must maintain them in a clean, neat fashion.

Article 18—DURATION:

JULY REPORT OF THE MUNICIPAL SURVEY COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Municipal Survey begs to report as follows:

A meeting of this Committee was held in the Parliament Buildings, Toronto, on July 2nd, 1965, with the following present: Clark, Innis, McCollum, Speck. Also present: Dr. L. R. Cumming, Q.C., and Mr. T. J. Plunkett.

1. Dr. Cumming reviewed the proceedings leading up to the request from Peel County for a municipal survey and the engaging of Mr. Plunkett to complete the survey. He further pointed out that, in his opinion, the survey should include the County of Halton as there was a possibility that Halton and Peel Counties might form a regional area for municipal purposes.

The Committee agreed that, if Halton County made a formal request to the Department on July 13th, 1965, for a combined survey, Peel County Council would consider a combined survey on July 15th, 1965.

Mr. Plunkett informed the Committee that the survey would take approximately one year if done separately or combined.

Approximate Cost of Survey

Peel alone	\$47,000.00
Combined with Halton	\$65,000.00

The Department of Municipal Affairs agreed to pay one-half of the cost of either survey.

2. We recommend that the Honourable J. W. Spooner be requested to engage Mr. T. J. Plunkett to complete a municipal study for the Counties of Halton and Peel, with the Department of Municipal Affairs paying one-half the cost and the balance paid by the two participating Counties (percentage to be agreed upon).

Adopted July 15th, 1965.

R. J. INNIS,
Chairman.

T. E. McCOLLUM,
Warden.

REPORT ON CULVERT UNDER AIRPORT ROAD

As requested by Council, Clause 3, July Report

Gentlemen:

The culvert in question has an opening of 14 feet by 3 foot 9 inches to the stream bed or an area of fifty-two and one-half square feet. There are two circular culverts beneath the railway tracks, each culvert being forty inches in diameter for a combined area of seventeen and one-half square feet. The County culvert therefore has 3 times the carrying capacity of the railway culverts.

We contacted Mr. J. R. Naylor, Clerk of Caledon East, and were told that the flooding was north of the tracks and therefore caused by the railway culverts. He also informed me that a reply had been received from the Canadian National Railways and that they, the railways, would be contacting the village in the near future to investigate the situation.

We would therefore recommend that the village be notified that this problem is a Canadian National Railways responsibility and that the County culvert under the Airport Road is adequate to carry the flow.

Respectfully submitted,

R. W. KNIGHT, P.Eng.

REPORT ON TRAFFIC SIGNALS AT THE FOUR CORNERS IN MALTON

As requested by Council, Clause 2, June Report

Gentlemen:

As requested this Department has investigated the traffic situation at the above location. Studies were made during the hours of 7:30 and 9:00 A.M., and 4:00 P.M., to 5:30 P.M. During these hours the heaviest traffic occurred from 5:00 P.M. to 5:15 P.M., when 647 vehicles cleared the intersection in the 15 minutes or 1 car every second and a half. The traffic was still backed up for a considerable distance due to cars waiting to make turns. This would indicate that some form of advanced signals would alleviate the situation to some extent.

Also, this intersection has four lanes approaching from all directions, but parking is restricted only on the east side of Airport Road, south of the intersection. As this is a business district we would be reluctant to further restrictions even though this would increase the efficiency of the intersection.

We would recommend that our findings be forwarded to the Department of Transport for their study and recommendations and that the Village of Malton be so notified.

Respectfully submitted,

R. W. KNIGHT, P.Eng.

Reports

SEPTEMBER REPORT OF THE CHILDREN'S AID COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Children's Aid begs to report as follows:

A meeting of the Executive Committee of the Society was held on August 30th, and a meeting of the full Board was held on September 8th, 1965. Present at these meetings:

August 30th—

From County Council—W. G. Shaw.

From outside County Council—W. Arch, C. F. Kline, Mrs. W. Horn, D. Westlake.

September 8th—

From County Council—J. J. Berney, A. J. McCauley, J. J. Plaus, W. G. Shaw, W. G. Tolton.

From outside County Council—W. Arch, Mrs. F. Diver, Mrs. R. Holmes, Mrs. W. Horn, R. Johnston.

1. Discussion was held on a special report of the Manager regarding the Family Service Program and its future.
2. The report of the Treasurer on six-months' expenditures compared with the budget showed the Society operating closely within the budget on the controllable aspects, but in the child care operations a large deficit is developing in line with the estimated deficit at time of the budget presentation. This is created by the fact that the daily rate set by the Court for 1965 was \$2.36 per day. The six-months' figures indicate that in actuality it cost the Society \$2.83 per day for child care and hence the deficit accruing as predicted. The County requisition on voluntary grant has been used to keep the cash position solvent and, therefore, the amount of voluntary grant against which the Society can requisition will be expended considerably before the end of the year.
3. The Treasurer's report on income for the first six months indicates this to be approximately close to the original estimate.
4. Recommendations from the Executive Committee regarding pension plan and Family Service Program were dealt with.
5. A statement of policy on the use of volunteers as recommended by the Volunteer Services Committee was discussed and adopted.
6. A. J. McCauley was appointed to a vacancy on the Executive Committee.
7. D. Westlake was appointed to the Child Care Committee.
8. Mrs. M. Thachuk was appointed to the Volunteer Services Committee.
9. The Manager was authorized to lecture in the 10th In-Service Staff

Training Course of the Department and the Ontario Association of Children's Aid Societies.

10. A routine report from the Provincial Department was received in respect to the Adoption Program of the Agency.

11. A further donation from the Brampton and District United Red Feather Appeal was acknowledged.

12. A committee to study the question of social workers' salaries was named as follows: W. Arch, Mrs. W. Horn, C. F. Kline and W. G. Tolton.

13. The Board accepted a request from Halton County Society for an informal meeting with representatives of our Board. The following were named representatives: W. Arch, J. J. Berney, Mrs. C. C. Core, Mrs. W. Horne, C. F. Kline and J. J. Plaus.

14. Plans were made for a one-day Board Seminar on October 16th, to be held in the County Building.

13. We recommend for payment accounts listed on the attached pay sheets totalling \$273,265.91.

14. The request from the Malton Golf Club to lay a watermain along County Road 7 was reconsidered. We recommend that this request be approved and that the Warden and Clerk be authorized to sign the necessary agreement prepared by the County Solicitor.

In Committee of the Whole:

Amendment to Clause 14:

Moved by J. J. Graham:

That Clause 14 of the Good Roads Committee Report be amended to read as follows: That the Malton Golf Club be permitted to lay a watermain 4" in diameter along County Road 7 after satisfactory evidence that the O.W.R. Reports

OCTOBER REPORT OF THE CHILDREN'S AID COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Children's Aid begs to report as follows:

A meeting of the full Board was held on October 13th, 1965, with the following present:

From County Council—J. J. Berney, E. S. Blair, L. Clarkson, D. C. Hooke, E. Martin, A. J. McCauley, W. G. Shaw.

Non-Council Members—W. Arch, Mrs. F. Diver, G. Gardhouse, Mrs. W. Horn, R. Johnston, C. F. Kline, D. Westlake.

1. There was considerable discussion on the current financial situation of the Society. Despite the fact that the Society is operating within the established budget, the full amount of the County voluntary grant will have been requisitioned in October. This is because the cash position of the Society has been kept fluid by the voluntary grant also being utilized for child care operations, the financing of which must come from daily rate per child charged to municipalities. The budget estimate at the beginning of the year was for a \$16,000.00 deficit in this operation and the actual experience to date this year indicates that this forecast will be correct. This is created by adhering strictly to the Rate formula regulations in the Child Welfare Act. The Society Rate for 1965 was set at \$2.36 per day. In the first six months of the year the actual cost was \$2.83 per day. The Society therefore operated automatically at a loss of 47c per day for the approximately 20,000 days care given. All Societies in the province alternate year about with swings of deficits or surplus, which is adjusted in the next years Rate. Normally, any amount borrowed by Societies to cover this deficit is recovered the next year in the adjusted Rate. Under the new Child Welfare Act and Regulations, any deficit and consequent loan liability will be added to the 1966 Estimate of Expenditures and repayable in that way.

The Society will therefore need to borrow a sufficient amount to cover operations for November and December, plus October accounts incurred.

2. The Manager was authorized to accept a personal invitation to be a participant in the "Ontario Conference on the After Care of the Psychiatric Patient", November 12th - 13th, in Niagara Falls, sponsored by the Canadian Mental Health Association, the Ontario Chapter of the College of General Practice, and the Ontario Public Health Association.

3. Plans were discussed in respect to the Seminar for Board members to be held all day Saturday, October 16th, in the Council Chambers, and also for the Regional Conference of Board members in Newmarket on Saturday, October 30th.

4. Mr. Barry Deacon has been named as Chairman of the Volunteer

Services Committee and Mr. D. Westlake has been added to the Child Care Committee.

5. Appreciation was expressed by the Board and staff for completion of the drapes throughout the office by the County and of the efforts of the Property Chairman, Deputy-Reeve E. Blair, in this regard.

Received October 21st, 1965.

W. G. SHAW,
Chairman.

OCTOBER REPORT OF THE GOOD ROADS COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Good Roads begs to report as follows:

1. We are in receipt of a resolution from the County of Huron requesting that the Minister of Highways review the Department requirements and forms for Annual Returns from municipalities and revise them so that they might provide more useful information to the municipality and at the same time fulfill the requirements of the Minister. We recommend that this resolution be endorsed.

2. We are in receipt of a letter from the Board of Transport Commissioners for Canada, requesting the County's comments on a recommendation by the Board, that the sight lines at the railway crossing south of Caledon East be improved, by removal of a clump of trees which are on private property. We recommend that the removal of these trees be approved and that the County pay their share of the cost.

3. We are in receipt of a letter from the Malton Golf and Country Club stating that no agreement exists between the Golf Club and the Ontario Water Resources Commission, and also that no agreement is necessary as less than 10,000 gallons of water per day are required. We recommend that this be filed.

4. We are in receipt of a letter from the Township of Toronto requesting the County to consider the construction of a bridge on Britannia Road between Dixie Road and the International Airport, and including a preliminary cost estimate to all concerned. As Council has authorized preliminary engineering on this project we recommend that this be referred to the Engineer.

5. We are in receipt of a letter from the Metropolitan Toronto and Region Transportation Study in regards to station locations and land development in areas adjacent to the lakeshore railway line. We recommend that this be given further study.

6. We are in receipt of Department of Transport approval of By-law 1851, a by-law removing that part of the Fifth Line assumed by the Department of Highways from the County Through Road By-law. We recommend that this be filed and that the Clerk forward copies of the By-law to the Township of Toronto.

7. We are in receipt of a letter from the Canadian Good Roads Association outlining the Fifth World Highway Congress to be held in London, England in 1966. We recommend that this be referred to the 1966 Committee.

8. We recommend for payment accounts totalling \$183,420.33 as listed on the attached pay sheets.

9. The following resolution was passed by the Committee:

"Resolved that the Chairman of the Road Committee and the Clerk-Treasurer be authorized to sign the petition for interim subsidy."

We recommend the approval of this resolution.

10. We are in receipt of a letter from the Department of Highways stating that, after a further investigation of the intersection of Highway No. 5 and Cawthra Road, they are not recommending an additional lane nor a change in the timing of the signals. They will check the intersection periodically to ensure that the signal timing continues to meet the traffic requirements. We recommend that this be received and that the Engineer forward a copy to the Township of Toronto.

11. We are in receipt of a dedication of land for road widening purposes on Cawthra Road in compliance with a division of land. We recommend that

the deed be referred to the Solicitor for registration.

12. As the County has not been able to settle with Mary E. Shaw for land expropriated on Steeles Avenue, we recommend that the Solicitor be instructed to apply to the Ontario Municipal Board for a hearing to determine compensation.

13. Tenders were opened for the construction of an arch culvert on County Road No. 6 between Brampton and Huttonville and the following resolution was passed by the Committee:

"Resolved that the tender received from MacDonald & Sykes Ltd. for Contract No. C6H-65, the construction of a culvert on County Road No. 6, be accepted at unit prices totalling \$25,233.00, this being the low tender received, subject to the approval of the Department of Highways."

CONSTRUCTION SAFETY INSPECTION

To the Chairman and Members of the Finance Committee:

As instructed by Council at the May session, the following is submitted for consideration by this Committee in connection with implementation of inspection under The Construction Safety Act, as of January 1st, 1966.

This report was prepared after consultation with Mr. J. McNair, P. Eng., Engineer and Chief Officer, Construction Safety Branch of the Department of Labour.

Two methods of carrying out Safety Inspection are available to the County.

1. Under Section 5, Sub-section (1) (a) of the Act, Toronto Township could continue to complete their own inspection, with the balance of the County inspected by County Inspectors. (This method would be difficult to carry out, as the Township would, in addition to paying their own inspectors, be required to contribute their share of County levy to assist in paying the other County Inspectors.)
2. Under Section 7 of the Act, the County and Toronto Township could enter into an agreement under which County Inspectors would enforce the Act over the whole County.

Method 1

This would require one full time experienced inspector.

Suggested Salary Schedule:

Experienced Inspector

Minimum	Maximum	Annual Increment
\$5,500.00	\$6,500.00	\$250.00

Car Allowance:

\$44.00 per month plus 4c per mile driven on duty.

Method 2

This would require one experienced Senior Inspector and one experienced Staff Inspector. No additional staff should be engaged until after the Senior Inspector has assessed the situation in the whole County.

Suggested Salary Schedule for staff:

Senior, Inspector, Experienced

Minimum	Maximum	Annual Increment
\$6,000.00	\$7,000.00	\$250.00

Staff Inspector, Experienced

Minimum	Maximum	Annual Increment
\$5,500.00	\$6,500.00	\$250.00

Staff Inspectors, (Without Previous Experience)

Minimum	Maximum	Annual Increment
\$5,000.00	\$5,500.00	\$250.00

Car Allowance:
Same as Method 1.

Office Accommodation:

Accommodation would be available in the office presently occupied by the Road Department in the Old Registry Office, with a desk, and a telephone on the County switchboard.

Clerical Assistance:

County switchboard operator will receive and record all messages for the Inspectors, and the Clerk-Treasurer's Office would complete any typing required by the Senior Inspector.

Budget, 1966:

Budget would include salary and car allowance for the Senior Inspector and one Staff Inspector, as well as telephone and miscellaneous office supplies. (A number of filing cabinets will be required for the initial set up.) An amount sufficient to engage one additional inspector, if required during the year, should be carried in the County Contingency Fund.

Conclusions

Due to the impossibility of levying the costs over part of the County, Method should be considered as follows:

1. That Toronto Township be requested to enter into an agreement with the County, and that the County carry out all inspections.
2. That the Senior Inspector for the Township be transferred to the County staff as of January 1st, 1966, at the minimum salary for Senior Inspectors.
3. That the Senior Inspector be authorized to engage one Staff Inspector to start January 1st, 1966. (If this Staff Inspector should be a present employee of any local municipality within the County, the engagement should be considered as a transfer.)
4. Control of the Inspection Staff could be through the Clerk-Treasurer's Office, to the Finance Committee, to County Council.

Terms of Reference and Procedure:

- (a) Administration — under direction of the County Clerk-Treasurer.
- (b) Reports are to be made to the Clerk-Treasurer for presentation to Council through the Finance Committee.
- (c) That the Safety Inspection Department, under the direction of the Senior Inspector, perform the duties as outlined in The Construction Safety Act and Regulations.

Respectfully Submitted,
"Henry H. Rutherford",
County Clerk-Treasurer.

3. We are in receipt of a letter from the Peel County Historical Society stating that the Society would be unable to undertake the removing of the Thompson House, as requested at the September Session of Council. OCTOBER REPORT OF THE PUBLICITY COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Publicity begs to report as follows:

A meeting of this Committee was held on October 6th, 1965, with the following present: Allan, Core, Plaus. Also present: Mr. C. V. Charters of Charters Publishing Company Limited.

1. The Committee considered a resolution received from the Township of Toronto requesting that the County of Peel be asked to investigate the cost of reproductions, in modest form, prepared for sale at cost to citizens of the County, of the 1877 County of Peel Atlas, so that this historical document may be widely circulated in time for the 1967 Centennial Celebrations.

Your Committee feels that the reproduction of the complete Atlas would not serve any useful purpose, but that parts of the Atlas might be incorporated in a short history of the County.

2. We recommend that a history of the ten local municipalities and the County be completed for distribution and sale in January, 1967. We further recommend that the Peel County Historical Society, and interested citizens throughout the County, be contacted to assist in the preparation of the history.

Adopted October 21st, 1965.

C. C. CORE,
Chairman.

T. E. McCOLLUM,
Warden.

Reports

NOVEMBER REPORT OF THE CHILDREN'S AID COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Children's Aid begs to report as follows:

A meeting of the full Board was held on November 10, 1965, with the following present:

From County Council: J. J. Berney, L. Clarkson, E. Martin, A. J. McCauley, J. J. Plaus, W. G. Shaw.

Non-Council Members: W. Arch, Mrs. F. Diver, Mrs. R. Holmes, Mrs. W. Horn, R. Johnston, C. F. Kline, D. Westlake.

1. The cash amount required by the Society to meet its obligations for October is \$4,000.00, and the Manager was authorized to borrow this amount on behalf of the Society.

2. The nine months breakdown of expenditures compared with the Budget indicated the Society operating within the Budget on all controllable items. On the statutory side of Child Care, however, this is indicated as considerably in excess of estimates, reflecting the greatly increased number of children in care.

3. Reports were received regarding the visit of Board Members to the Halton Society; the Regional Conference of Board Members at Newmarket on October 30, at which Mrs. Horn was one of the main speakers on the new Child Welfare Act; and the Second Canadian Conference on Children at Montreal on October 31 to November 4, at which the Manager was an invited participant.

4. A report was received from the Child Welfare Branch regarding recent supervisory visits. This is being mimeographed for study by all members.

5. Note was made of the recent appointment of Miss Betty Graham of Newmarket as the new Director of Child Welfare for the Province.

6. The new Regulations just released under the Child Welfare Act which come into force on January 1, 1966, were briefly discussed. These place mandatory responsibilities on all Societies for staffing and for standards of service defined in the Regulations. Also defined is the method of calculation of the Estimated Operating Expenses for the ensuing year, which must be presented by November 30 to the Director of Child Welfare, and then to the County by December 31, and by February 25 to the Minister for final approval.

By these Regulations and the Act, the old Rate formula for financing child care is eradicated, as is the matter of legal residence of a child in a municipality. It now has residence in the area in which it was taken into care. The overall estimated operating expenses of a Society are to be shared between the municipality and the Province on a 60% - 40% ratio with the

ception of services to children of unmarried parents, which will be met 100% by the Province.

7. Plans were discussed for a special Executive Meeting to prepare for Board approval of the required Operating Estimates under the new Act. Received November 18, 1965.

G. SHAW,
Chairman.

T. E. McCOLLUM,
Warden.

C. M. MURRAY,

Adopted November 18, 1965
T. E. McCOLLUM,
Warden.

To the Chairman and
Members of the Finance Committee:

As instructed by Council at the September session, the following is submitted for consideration by this Committee with respect to the cost of establishing a Purchasing Department.

This report was prepared after consultation with other municipalities and school boards who presently have a Purchasing Department.

It would appear that a Purchasing Agent (presently employed in purchasing or related fields) might be engaged at an annual salary of \$5,500.00 to \$6,000.00. Car Allowance should also be considered.

As the engaging of a Purchasing Agent would establish a new department for the County, the first several months of operation will be required for organization of the department. After the value of the department is realized and all purchasing for the County is handled, adjustments will be required in the above salary.

One Clerical Assistant would be required, who would be paid in accordance with County Clerical Staff Salary Schedule.

From the above, it would appear that the department should operate for the first year on a budget of approximately \$11,000.00.

The initial set-up would require an expenditure for office furniture and equipment, as well as office supplies, above the \$11,000.00.

If the Council should decide to establish such a department, a decision will have to be made as to the method of engaging the Purchasing Agent.

It is suggested that, before applicants are interviewed, complete duties, powers and responsibilities of the Purchasing Agent should be drawn up and approved by this Committee and Council.

Respectfully Submitted,
"Henry H. Rutherford"
County Clerk-Treasurer.

AIR POLLUTION CONTROL

The Air Pollution Control Department was established for the County effective January 1, 1965.

The following terms of reference for the Department were approved by Council:

AIR POLLUTION CONTROL

The Senior Air Pollution Control Officer is to work under the direction

of the County Clerk-Treasurer in regard to questions of administration.

Reports are to be made to the Clerk-Treasurer for presentation to County Council though the Finance Committee.

The Air Pollution Control Department is to follow a program of educational co-operation, working with offenders to correct their problems and if necessary, take summary action. The Department shall be responsible for the enforcement of the by-law and duties among others shall be:

1. Investigate complaints.
2. Make observations of air pollution emissions.
3. Take the necessary and proper action to abate same.
4. Keep records of equipment, registrations, violations, complaints and other matters for Department purpose only.
5. Enlist the co-operation of civic, technical, scientific and educational societies in respect to the reduction and abatement of air pollution.
6. Work in close co-operation with the Provincial Air Pollution Control authority.

Approved,

Peel County Council,

December 17th, 1964.

This report was prepared after consultation with W. B. Drowley, P.Eng., Director, Air Pollution Control Division, Department of Health, and R. K. Webb, County Solicitor.

The following observations are made for consideration by this Committee:

1. The Department appears to have operated within its terms of reference.
2. In my opinion, the following suggestions might be considered:
 - (a) Summary action should only be taken as a last resort.
 - (b) More use should be made of "Orders" in place of taking summary action.
 - (c) More emphasis should be placed on Clause 5 of the terms of reference.
 - (d) The Senior Inspector should be reminded that it is the Council's opinion that he must operate under the terms of reference at his own discretion, and that pressure from any source should not influence any decision.

Respectfully Submitted,

"Henry H. Rutherford"

County Clerk-Treasurer.

63. By-laws committed to a Committee of the Whole shall be read throughout by the Clerk or chairman, and debated by clauses, leaving the preamble and title to be last considered.

64. All amendments made in Committee shall be reported to the Council by the Chairman standing in his place. After the report has been received, and the by-law read a third time, it may be subjected to debate and amendment in the Council before the question to pass, sign and seal shall be decided.

65. The Clerk shall note the readings and the time on the back of the by-laws.

66. Every by-law for the purpose of borrowing money and levying the County Rate may only be passed with the votes cast for the affirmative representing at least two-thirds of the total number of votes cast. (The question to pass, sign and seal all borrowing by-laws and by-laws levying the County Rate will automatically require a recorded vote. PEEL COUNTY PUBLIC SCHOOL CONSULTATIVE COMMITTEE INTERIM REPORT

December 9th, 1965

Four meetings have been held since the appointment of the committee by the Peel County Council: May 26th, June 28th, September 16th and November 25th, 1965. All members of the committee have been present at all

meetings and this is an accurate reflection of the interest and concern of the committee in the work committed to it.

The committee have been guided by the memorandum from the Minister of Education. With the assistance of Mr. Underhill a comprehensive study has been made of the present nine Public School Boards taking into account such factors as:

- present assessments
- total school enrolment
- the number of schools
- the number of class rooms
- special services available
- operating costs for 1964
- residential and commercial mill rates
- 1964 debenture principles
- the net cost per pupil in 1964

Detailed maps of the county have been studied and a considerable amount of personal background work has been undertaken by individual members of the committee. Very preliminary possible alternative plans have been discussed.

With the appointment of the Plunkett Study and the initial discussion of regional government, your committee is now seeking instruction from the Council with regard to its relationships. While we are anxious not to duplicate work of the Plunkett Study, we are prepared to report to Council through the Plunkett Study and to relate our work to the total tasks of regional re-organization for an integrated program of education embracing Public and Secondary Schools as well as a Community College.

We stand ready to serve in 1966 as Council may direct.

Respectfully submitted,

Mrs. W. E. Barnicke

Mrs. E. G. Kummel

Mrs. W. F. Wells

Mr. D. S. Dunton

Dr. A. J. Cooper, Chairman.
